Boat Highlights

Lagoon 500 is a luxurious and comfortable yacht for cruising to exotic waters with exceptional performance. The flybridge provides an extra living space with an uninterrupted view of the sea, sails, and stars. Built entirely by the infusion technique, this Lagoon has a structure with optimal quality in rigidity and strength for a precisely controlled weight. Combined with a generous sail area, this carefully monitored displacement promises some excellent performances under sail.

Layout & Accommodations

Accommodations include light oak Alpi woodwork and laminated wenge floors for a modern and comfortable look. This 5 double cabin version has 4 double cabins and an additional cabin with bunk beds and a bathroom. A/C optional. The 4 heads include sink, toilet, and separate shower and 1 head for midship cabin includes integrated sink, toilet and shower.

Galley

The dinette in the salon and the galley has a 4 burner stove, oven, grill, refrigerator and freezer.

Deck & Equipment

This Lagoon provides maximum comfort with features like a forward cockpit with face to face seating , numerous lockers, and a full view forward.

The helm station has a long 6 seat bench, lockers, and access from each side making this a great living space.

The hulls, bridgedeck, and deck are built by the Infusion Technique whereby the the entire moulded structure is covered with a flexible plastic film and air vacuumed to draw the resin by depression to evenly layer the structure.

Plumbing

Lagoon uses special care with the installation of it's various plumbing circuits such as the freshwater distribution circuit, sea water supply, and grey and black water system.

Materials like high pressure PVC tubing, rubber flexible pipes, stainless steel valves, seacocks and connections work best in the seawater environment.

Sails & Rigging

The stresses on the rig of a catamaran are about 10 times that of a monohull so only the best in deck gear and rigging (Harken & Lewmar) are used.

Electronics & Navigation

Nav. Pack Raymarine 2008
Radio CD player/MP3 plus 2 loud speakers in salon
Rudder joystick at chart table (with pack 2008)
VHF Raymarine 49 US with DSC
Waterproof loud speakers in cockpit and flybridge

Electrical & Power

3 additional service batteries 140amp
inverter 12/ 110V 1850w
12V socket in cabin
Onan Genset 13.5 KVA 1500rpm 110V with cocoon
Pack for 2 battery chargers 80A 110V each
Fans in cabins and salon
Cruisair A/C 55000 btu 100V (optional)
